Model 289RB-HLP-1

APPLICATIONS

- For sewing medium to heavy weight fabrics, leather, canvas, vinyl, synthetics and various coated and laminated materials
- For stitching uneven, hollow, tubular and curved articles
- Designed for stitching such products as boots, shoes, gloves, luggage, handbags, overalls, raincoats, bags, umbrellas, awnings, covers, tarpaulins, tents, sports and camping equipment, wearing apparel, outdoor clothing, etc.
- Suitable for edge stitching operations

FEATURES

- Centra-Lube® semi-automatic lubrication system
- Oil fed take-up
- Extra high post
- Safety clutch prevents the hook from being damaged
- Large bobbin allows for longer operation
- Large vertical axis hook allows for use of thick thread and therefore ornamental stitching can be obtained
- Compound feed, walking foot mechanism assures even feeding of material
- Reverse stitching
- Simple adjustment permits raising and lowering of the center foot which allows for sewing different thicknesses of material
